

CITY OF DOUGLAS RECYCLING NOTICE

Dear Residents of Douglas,

The City of Douglas will soon be switching to the 96 gallon recycle carts as part of our overall goal to be more conscious about recycling. While the yellow bags were useful they did create a few problems regarding contamination that we hope to eliminate. We feel that by moving to the cart system more of your recyclables will be properly recycled. Starting in March residents will be able to call the phone number listed below and provide the requested information to obtain a cart. When the cart gets delivered your Republic Representative will give you a calendar so you will know the first day of pick up. Your cart is free of charge and will be picked up once per month.
