March 8, 2017

City of the Village of Douglas and
Douglas Downtown Development Authority
86 West Center Street
PO Box 757
Douglas MI 49406

Dear City of Douglas and DDA:

We are the owners of Mi Coast Brand. Currently, our Flagship Store is on Butler Street in Saugatuck. We have a seasonal pop-up location in Union Pier MI, and are opening a new Mi Coast Store this spring at 512 Phoenix Street in downtown South Haven. Additionally, we are excited to announce that we are creating a newly inspired brand concept exclusively for Douglas, called Coastal Society. We have taken possession of the cottage at 35 Center Street in downtown Douglas and have plans to open in early spring '18.

Coastal Society's concept is a full senatorial shopping experience. Comprised of a curated boutique, that will offer unique items carefully selected for just about anyone. Selections will include clothing for women, men, young adults, kids, pets and many essential items for the home.

Coupled with the curated boutique, will be a Coastal inspired "social club" which will include a coffee and smoothie bar in the mornings (light breakfast items) and a full service bar offering local Michigan craft beers, spirits and wines in the afternoon and evenings. The Coastal Society "social club" bar will host drinks and light snacks to enjoy indoors or on one of the patios in either the front or back of the cottage. Fire pits for evening socializing on the patios will also be part of the concept planned for summer.

We understand that there is a state issued liquor license available for the downtown district and are interested in obtaining that license for our new downtown location. We understand that there are several requirements in order to access the license and that we meet each of them, including:

- Be a business engaged in dining, entertainment or recreation and open to the general public.
- Have a seating capacity of at least 25 people.
- Invested a minimum of \$75,000 for the rehabilitation or restoration of the building where the license will be housed over a period of the preceding five years or a commitment for a capital investment of at least \$75,000 that will be spent before the issuance of the license.

Additionally, we also understand that we must demonstrate that we have attempted to purchase a readily available or escrowed license within Douglas and that there was not one available, as well as pay a \$20,000 fee for the license to the Michigan Liquor Control Commission (MLCC).

In turn, we understand that the city must ensure that the total amount of private and public investment in real and personal property in the Douglas DDA District was at least \$200,000 in the period covering the preceding five years. Upon approval from the DDA and City Council, the City Council will then pass a resolution in support of an on premise liquor license pursuant to Section 521a (1)b of PA 501 of 2006 to be included in our MLCC Liquor License Application.

We feel this liquor license is essential in order to complete our overall vision for the Coastal Society concept. We are asking the Downtown Development Authority and the City Council for your support in bringing this business idea to life as it is our wish to help with the overall growth of business and tourism for Downtown Douglas.

Many thanks in advance for your assistance with this request. As both business and home owners in Douglas we are thrilled to be helping our community by offering new and unique services to drive more traffic to the area!

All the best,

~ Kim and Tom
