1. PURPOSE

The following policies and procedures have been prepared to assist the Village Council, Planning Commission, Village Clerk, and other affected Village officers in the administration of the Village Zoning Ordinance. These policies and procedures are intended as a quick reference and guide for the Village in implementing various procedures to follow regarding planned unit developments, special uses, variances, and rezoning requests. The procedure and requirements in processing applications in these areas are set forth in detail in the Zoning Ordinance, and in many cases it will be necessary for the Council, the Planning Commission or others to review the Zoning Ordinance to make sure it's various provisions are complied with.

## II DUTIES AND RESPONSIBILITIES

### 1. Village Planning Commission

The Planning Commission, shall meet at least once a month on a date and time set by the Commission, and shall conduct all business related to the Zoning Ordinance involving the Planning Commission at such meeting. The Secretary/Treasurer is responsible for taking minutes of the meetings and providing the Village Clerk with the original record of the minutes.

### 2. Zoning Administrator

The Zoning Administrator shall be appointed by the Village Council and shall be charged with the carry out the responsibilities of the Zoning Administrator as set forth in the Zoning Ordinance.

### 3. Village Clerk

The Village Clerk shall be the primary record keeper for the administration of the Zoning Ordinance, and shall receive applications and collect fees submitted pursuant to the Zoning Ordinance. The Village Clerk shall further coordinate with the Village President and/or the Planning Commission Chairperson, the scheduling of Public Hearings, arrange for newspaper publications, and generally coordinate the flow of information between the public, the Council, and Commission members, the Building Inspector, the Zoning Administrator, the Village Attorney, and the Village Engineer.

### 4. Village Attorney

The Village Attorney shall assist the Village Council and Planning Commission on such legal matters as may be required concerning the implementation, interpretation, and administration of the Zoning Ordinance. The Village Attorney shall attend meetings and/or public hearings of the Village Council and/or Planning Commission, when requested to do so by the Council, its President, the Planning Commission, or its Chairperson.

### 5. Engineering Consultant

The Village Engineer, (Note: The term Village Engineer shall be construed to mean such competent engineering personnel as the Village Council or Planning Commission shall designate to assist the council and/or Commission in any particular instance) shall assist the Village Council and/or the Planning Commission in the

review of site plans, planned unit development proposals, rezoning requests, and such other matters which may arise from time to time during the Village Zoning Ordinance. The Engineer shall attend meetings and/or public hearings of the Village Council and Planning Commission when so requested by the Village Council, its President, the Commission or its Chairperson.

6. Village Building Inspector

The Building Inspector shall be responsible for all on site inspections during the various phases of construction once commenced following the issuance of a Building Permit. The Building Inspector shall insure that all construction is in compliance with the approved site plans, and shall report any violations to the Building Administrator. The Building Inspector shall, when necessary, consult with the Village Engineer and/or Village Attorney to assure full compliance with the state and local construction code, as well as the Village Zoning Ordinance.

### III REVIEW PROCESS FOR PLANNED UNIT DEVELOPMENTS

1. The approval of applications for a planned unit development shall comply with Chapter XIII and Chapter XV of the Zoning Ordinance, as amended.
2. An application for preliminary development plan approval shall be obtained at the Village Clerk's office, and shall be submitted by the applicant to the Village Clerk along with twelve copies of the application, plus the initial filing fee as set in the Village Schedule of Fees.
3. The information requested on the application shall constitute the preliminary development plan and site application shall be returned to the applicant and shall not be accepted until complete.
4. Upon receipt of the completed application and copies, the Village Clerk shall transmit one (1) copy to the village Engineer, and one (1) copy to the Village Attorney, and shall further make available to each of the Planning commission members a copy of the application.
5. Upon receipt of the applications, the Village Attorney and Village Engineer shall review each application within thirty (30) days from date of receipt. If, after consultation with each other, they agree that the application is in compliance with the Village Ordinance, they shall notify the Village Clerk to schedule a public hearing on the application in accordance with Section 13.6 of the village Ordinance.
6. The public hearing shall be held before the Planning Commission. At the public hearing, the applicant shall present his proposed preliminary development plan to the public, and shall answer such questions as may be presented to the applicant by the public. The Planning Commission shall further hear the comments of the public concerning the proposed plan. The Planning Commission shall not be obligated to vote on the proposed plan the night of the hearing. The Planning Commission shall receive and consider written recommendations from the Village Engineer and Village Attorney concerning the proposed preliminary development plan. The Planning Commission may then approve, approve with conditions, or deny the proposed preliminary development plan. Approval must be by majority vote or a quorum of Planning Commission members. At the time the vote is taken, the Planning Commission members should state their reasons or basis for their vote. If a preliminary development plan is approved with conditions, those conditions shall be clearly stated and reduced to writing by the Commission Secretary. If the proposed preliminary development plan is denied, another plan will be considered only after a re-application is filed with the Village Clerk.
7. The Village Council does not have to approve the development plans in a planned unit development project. If the Planning Commission

approves the preliminary plan, the applicant shall then submit a final development plan together with twelve (12) copies thereof to the Village Clerk. The Clerk shall transmit a copy of the final development plan to the village Engineer for his recommendations, and shall also make the said plan available to the Village Attorney, as well as to the members of the Planning Commission.

8. Within thirty (30) days, the Village Engineer shall submit his written recommendations and comments as to the proposed final development plan to the Village Clerk's office for transmission to the Planning Commission. The Planning Commission shall then review the final development plan at its next available meeting, and shall consider the recommendations of the village Engineer, approve with conditions, or deny the final development plan. Any approval with conditions shall be reduced to writing and shall become a part of the final development plan. No alterations or changes shall be allowed thereafter without re-applying in accordance with the procedure for the original approval. No approval shall become effective until all fees and charges due the Village have been paid.
9. In order to approve the final development plan, the Planning commission must find that the purpose, objectives, and requirements of Chapter XIII, as amended, of the Zoning Ordinance have been met. The purpose and objectives of the Ordinance are found in Section 13.1 and Section 13.3, as amended. If the plan generally does not meet these objectives, the final development plan should not be approved.
10. After approval of the final development plan by the Planning Commission, a Building Permit will be issued; however, prior to issuance the Planning commission may, at its discretion, require a performance bond, irrevocable letter of credit or certified check be filed with the Village Clerk by the applicant to insure that the development will be executed in accordance with the approval of the final development plan.
11. Preliminary or final approval by the Planning commission of a planned unit development does not constitute site plan approval. Final site plans for the project or any portion thereof must be presented to the Planning Commission and acted upon as required by Chapter XV of the Zoning Ordinance.

#### IV REVIEW PROCESS FOR SPECIAL USE PERMITS

1. Special uses are those uses that are allowed in various zone districts only with special approval of the Planning Commission. Only special uses, which are provided in Chapter XIV of the Zoning Ordinance, as amended, or elsewhere in the Ordinance, may be considered for approval by the Village Planning Commission.

2. A person requesting a special use may obtain an application for the same at the Village Clerk's office, and shall submit the application to the Village Clerk, together with the application fee.
3. After receiving the application, the village clerk shall transmit copies of the application to the Planning Commission members. The Village Clerk shall then have published in the local newspaper a notice that the special use request has been received. The notice shall contain the information specified in Section 14.6 of the Ordinance, as amended, and shall also be sent by Certified Mail or personally served on all owners of real property within three hundred (300) feet of the subject property, and to all occupants of all structures within three hundred (300) feet of the subject property as described in Section 14.6 of the Ordinance, as amended. The notice shall be sent or served, and published not less than fifteen (15) days prior to the date at which time the application will be considered by the Village Planning Commission.
4. It should be noted that a public hearing is not required under the Ordinance unless it is specifically requested by either the Planning commission, the applicant, or a property owner or occupant within three hundred (300) feet of the subject property. Usually a request for a public hearing will not be made; however, if such a request is made, notice of the public hearing shall be published in the local newspaper and mailed or personally served on all property owners or occupants within three hundred (300) feet of the boundary of the property in question. If the applicant or the Planning Commission requests a public hearing, only notification of the public hearing is required. A decision by the Planning Commission on a special land use request shall not be made, however, unless notification of the request for special land use approval, or notification of a public hearing on a special land use request has been given [MSA 5.2934(1) (3)]
5. After the notices have been sent and published as required, and after a public hearing has been held, if one has been requested, then the Planning commission may approve, or approve with conditions, or deny the special land use request. Approval of the request shall be reduced to writing by the commission Secretary, and shall clearly state any conditions of approval, which have been made buy the Planning commission. A copy of the approval, or approval with conditions, shall be sent to the applicant.
6. When a vote is taken on a special land use request, the Planning Commission members shall state their conclusions and vie the basis for their decision. In order to grant approval, the Planning Commission must find the following;
  - a. That the proposed use is intended to serve the area or neighborhood where located; and,
  - b. That it can be conducted at the proposed location without interfering with the enjoyment of substantial property rights of the other owners in the surrounding vicinity.

- c. It should be noted that all home occupations which are approved as special used are subject to the limitations and conditions set forth in Section 14.5 (c) of the Village Zoning Ordinance, as amended.

V. REVIEW PROCESS FOR VARIANCES

1. The Douglas Village Zoning Board of Appeals has jurisdiction over requests for a variance under the Village Zoning Ordinance.
2. An application for a request for a Village Zoning Variance may be obtained at the Village Clerk's office, and shall be submitted to the Village Clerk, together with the required filing fee.
3. Upon receipt of the application for a variance, the Village Clerk shall send a copy of the application to the Village Attorney, and shall transmit one (1) copy to the Chairman of the Board of Appeals.
4. Upon receipt of the application, the Chairman of the Board of Appeals, in consultation with the Village Clerk, shall schedule a date and time for the Board of Appeals to meet and consider the variance request. Notice of the meeting shall be sent to the applicant and to all property owners and occupants within three hundred (300) feet of the subject property. The notice likewise shall be published in the local newspaper. All notices shall be served and published not less than fifteen (15) days prior to the meeting date of the board of Appeals to consider the request.
5. The Board of Appeals may grant a variance only in accordance with the standards and requirements as set forth in Section 18.6 and 18.7 of the zoning Ordinance. Unless all of the requirements and standards can be met, the application for a variance must be denied. Also, if the Board of Appeals finds that the zoning requirements as written in the Ordinance can be met by the applicant, the application must be denied.
6. A majority vote of all of the members of the Board of Appeals is required to approve a variance request except that a concurring 2/3rds vote of all of the members of the Board of Appeals shall be required to grant a variance from uses of land permitted in the Zoning Ordinance.
7. The Board of Appeals may grant a variance subject to conditions, which shall be reduced to writing by the Village Clerk, and set forth on the variance approval. A copy of the approval with conditions shall be transmitted to the applicant by the Village Clerk.
8. At the time of taking the vote on the application for a variance, the Board of Appeals members should state their conclusions and basis for their decision. If it appears that a practical hardship is not unique, but is a common hardship on other individuals, it shall transmit such findings to the village Planning Commission, who may consider the appropriateness of amending the Zoning Ordinance if they so desire.

## VI REVIEW PROCESS OF RE-ZONING REQUESTS

1. A re-zoning request is actually a request to amend the village Zoning Ordinance by changing the present zoning of a given area of land within the Village, to a new zone.
2. An application for re-zoning shall be obtained from the Village Clerk's office and shall be submitted to the Village Clerk, together with the required fee. Twelve (12) copies of the application shall be submitted; in addition to the original application.
3. Upon receipt of the application, a copy of the re-zoning application shall be transmitted to each member of the Planning Commission, and to the Zoning Administrator.
4. The Village Clerk, when notified by the Planning Commission shall then schedule a public hearing to be held before the Planning Commission. Notice of the public hearing shall be published not less than fifteen (15) days prior to the hearing. A copy of the notice shall also be sent to the applicant, as well as to the owners of any other property, which lies within the area proposed to be rezoned. The notice shall contain the following information:
  - a. The name of the applicant.
  - b. The legal description of the property proposed to be rezoned.
  - c. A description of the requested zoning change and a description of the present zoning.
  - d. The date, time and place of the public hearing.(NOTE: That the notice does not have to be sent to property owners or occupants within three hundred (300) feet of the subject property, unless the property lies within the area requested for rezoning.)
5. Notice shall also be sent to any public utility, or railroad within the district or zones affected by the request not less than fifteen (15) days prior to the public hearing. Such notification is required, however, only if such utility or railroad has registered with the Village Clerk its name and address for the purpose of receiving such notice.
6. After the public hearing has been held before the Planning Commission, it shall transmit its recommendations and findings to the Village Council, which must subsequently vote on the rezoning request.
7. At the meeting of the Village Council, the rezoning request may be approved by a majority of the Council members unless a protest petition has been filed with the Village Clerk and/or the village Council. If a proper protest petition has been filed, the request then can only be approved by a 2/3rds vote of the Village Council.
8. A protest petition is valid if it is signed by either the owners of at least twenty (20) per cent of the area of land included in the proposed zoning change; or, the owners of at least twenty (20) per cent of the land included within an area extending outward one hundred (100) feet from any point on the boundary of

the land included within the proposed zoning change. (Public land is excluded in calculating the twenty (20) per cent land area requirement.) [MSA 5.2934 (5)].

When voting on the proposed rezoning, the Council members should state their conclusions and the basis for their decision. This especially important in these cases, if their decision is challenged in court, and will avoid a claim that the decision was made arbitrarily or capriciously, and will avoid the court sending the request back to the Council for another vote so the basis for the decision can be established in the record. The Village Clerk will record the vote and reasons given.

9. Generally speaking, rezoning requests should be granted sparingly and only when the rezoning will not violate the general purposes and intent of the Village land use plan on which the existing Zoning Ordinance is based. If the rezoning request will not violate the general intent and purposes of the land use plan, and will be of some benefit to the public as well as the applicant, and where there are compelling reasons for changing the zoning plan, the Village may grant the rezoning request.
10. If the Council approves the rezoning request, the Zoning Ordinance shall then be amended by an amended ordinance prepared by the Village Attorney and signed by the Village President and the Village Clerk. This amending ordinance shall then be published at least one (1) time in the local newspaper within fifteen (15) days from the date of its adoption. It shall contain the effective date of the ordinance, and shall state the time and place where a copy of the amending ordinance may be purchased or inspected.

## VII REVIEW PROCESS FOR SITE PLAN APPROVAL

1. Applications for site plan approval must comply with Chapter XV of the Village Zoning Ordinance as amended, and shall be made on an application available at the Village Clerk's office.
2. A site plan application and subsequent approval by the Planning Commission is required for all land uses, except permitted detached single-family dwellings and two family dwellings.
3. The applicant shall file the application together with twelve (12) copies with the Village Clerk's office, and also be advised at that time that the applicant will be billed for the Village's actual costs in reviewing the application. Upon receipt of the application, the Clerk shall make available copies to the individual commission members, and, if necessary the Village Engineer and/or Village Attorney. The application shall also be sent to the Zoning Administrator for written opinion. Within forty-five (45) days of the filing of the application, the Planning Commission shall review the application and either denies the application or grant approval of the application. If the Planning Commission denies the application, it shall state its reasons for denial. If the Planning Commission requires that the site plan be revised, it shall notify the

applicant of revisions which are requested and the applicant shall then resubmit the site plan with the revisions required.

4. After the site plan has been approved, one (1) copy of the application shall be returned to the applicant by the Village Clerk indicating that approval has been granted, and that a Building Permit may be issued. A copy of the zoning application for the building permit, signed by the Zoning Administrator will also need to be presented before a permit can be issued.
5. The Planning Commission, in considering a site plan, shall follow the standards provided in Section 15.6 of the Zoning Ordinance.
6. In approving a site plan, the Planning Commission may require that a bond or other financial guaranty be furnished by the applicant to ensure compliance with the approved plan.
7. The Village Clerk shall determine the cost to the Village in approving the site plan, and shall bill the applicant in accordance with such costs as soon as possible after the review procedure has been completed. No approval shall be effective until all such charges have been paid in full to the Village.
8. It should be noted that Public Hearings or notices to surrounding property owners are not required under chapter XV for site plan review, when not associated with a Planned Unit Development.
9. A site plan shall be approved if it contains the information required by the Zoning Ordinance and is in compliance with the Zoning Ordinance and the conditions imposed there under, other applicable ordinances, and State and Federal statutes. [MSA 5.2934 (4) (2)]
