

City of the Village of Douglas Administration Week in Review

Week of October 9th-13th, 2023

While You Were Out: Did you remember to follow the guidelines under city ordinance number 54.07 *RECEPTACLES*, as it relates to the set-out, and storage of trash containers. The City continues to receive numerous complaints about trash cans being left out beyond the times cited in the ordinance and will address any violations accordingly.

***All portable receptacles shall be stored upon the premises and shall not be set out for collection prior to 12:00 p.m. proceeding the day of collection, and after the receptacles are emptied, they shall be returned to their place of storage on the same day collections are made. No empty portable receptacles shall be stored on city property, including the public right-of-way, sidewalks, and streets. ***

REMINDER: Keep Catch Basins Clear of Debris: Catch basins ensure rainwater makes its way back into ponds, streams, and lakes. If a catch basin is blocked or covered by leaves or other debris, rainwater can pool and cause street flooding. With the rainy days ahead, and the leaves falling, please keep the catch basins clear of any debris. Thank you!
