

# 200 BLUE STAR HIGHWAY VISIONING

## STAY INFORMED!

**We need your input to create a vision for this former industrial property.**

The City of the Village of Douglas is exploring land use and redevelopment alternatives for 200 Blue Star Highway, the former furniture distribution facility. Your input is needed to help the City determine the site's highest and best use. A community open house meeting and an online survey will be held this winter that will allow you to provide feedback on conceptual design scenarios. Updates on the City's current demolition efforts, as well as the City's progress to implement its EPA Brownfield Grant cleanup, will also be provided.
