RE: Ferry Street Road Closure Notification

Dear Property Owner,

The City of Douglas discovered a sinkhole forming near the existing culvert underneath the low area of Ferry Street between Westshore Street and Campbell Road. Due to the concerns of this sinkhole, the age and material of this culvert, and the concerns of any additional failures occurring in this area, the City has decided to shutdown Ferry Street between Westshore Street and Campbell Road beginning Friday morning, August 2, 2024. This closure will be occurring until further notice. Please note that the schedule for the closure may change, and adjustments might be made as the situation develops.

Northbound traffic will be directed west on Center Street to Lakeshore Drive, then north on Lakeshore Drive to Campbell Road, and then east on Campbell Road until traffic can head north on Ferry Street. Southbound traffic will be directed west on Campbell Road, then south on Lakeshore Drive, and then east on Center Street until Ferry Street is reached.

We apologize for the major inconvenience this causes and we appreciate your cooperation while we determine a path forward to ensure safety for the public when using Ferry Street. For everyone's safety, please stay away from this section of Ferry Street while the road is closed.

To receive the latest updates and information about the closure and bridge repairs, we encourage everyone to sign up for constant contact updates from the city using the attached link <https://douglasmi.gov/subscribe-mailing-list/>.

We appreciate the community's patience and cooperation during this time and assure you that we are working diligently to resolve these issues.

Sincerely,

City of Douglas
